## Objective

A dedicated Full Stack Web Developer with expertise in Next.js, seeking to create impactful and scalable web applications. My experience in clearing competitive exams like SSC GD, NAVY SSR, AFCAT, ICG Asst. Commandant and UPSC CDS reflects my determination, discipline, and problem-solving abilities, which I aim to apply to real-world challenges in the tech industry.

## Education

- **Spring Field convent secondary school(CBSE)** 2016  
Matric  
8.6
- **Speing meadows public school (CBSE)** 2019  
Inter(PCM)  
58%
- **Indira Gandhi National Open University** 2022  
BCA  
62%

## Skills

- HTML
- CSS
- JavaScript
- Tailwind Css
- Reactjs
- Nextjs

## Projects

- **Portfolio Website**  
Built a responsive portfolio using Next.js, Framer Motion, and Tailwind CSS to showcase projects and skills. Integrated a contact form with automated user confirmation emails and admin notifications using Nodemailer. Leveraged components from Accernity UI and Hover.me for enhanced design and animations.
- **Data to Grow**  
Developed a client website using Next.js, MongoDB, and NextAuth for secure user authentication. Created functionalities for users to schedule meetings and for admins to manage appointments and testimonials. Enabled email notifications for appointments and other updates using Nodemailer. Designed a user-friendly admin panel for efficient content and meeting status management (pending, completed, upcoming).
- **Taskify**  
Designed a to-do and diary management platform with Next.js, MongoDB, and Shadcn UI. Implemented OTP-based authentication for secure signup and password recovery with email functionality powered by Nodemailer. Built a dashboard for users to create and manage tasks and diaries with backend storage.
