Professional Summary

Dedicated Full Stack Web Developer with strong expertise in Next.js and frontend technologies. Passionate about building responsive, user-friendly web applications and improving product usability. Disciplined, result-driven, and resilient — demonstrated by clearing multiple competitive exams. Seeking a full-time role to build scalable web products and grow within a collaborative team.

Selected Projects

Testify

- A full-stack Online Exam Management built with Next.js 15.5, Typescript, and mongoDB. It enables Admins, Teachers, and Students to collaborate on a platform where tests can be created, attempted and ranked in real-time.

Data to Grow (Client Website)

- Developed a client-facing site with Next.js and MongoDB; implemented secure authentication using NextAuth.
- Built scheduling features and an admin panel to manage appointments and testimonials.

Taskify (To-do & Diary App)

- Designed a to-do and diary management platform using Next.js and Shadcn UI.
- Implemented OTP-based signup and password recovery; built a user dashboard for tasks and diary entries.

Competitive Exams & SSB

- UPSC CAPF AC Paper-1 — Cleared
- UPSC CDS — Cleared
- ICG Assistant Commandant — Cleared
- AFCAT — Cleared
- Navy SSR — Cleared
- SSC GD — Cleared
- Stayed till conference stage in SSB multiple times (SSB interviews).
